Dear Huidong:

Congratulations! You have been awarded an Academic Citation for your outstanding work in Deep Learning-Medical Imaging (BMED 4941) in the Summer 2019 Semester. Professor Ge Wang nominated you for this recognition.

Academic Citations are awarded as a special recognition for work performed in a single course when the Professor feels that the grade received is simply not sufficient recognition or reward. Professor Wang felt that your performance in Deep Learning-Medical Imaging deserved such recognition.

Once again, congratulations on receiving this award.

Sincerely yours,
